ASPIRE CAIRNS COMMUNITY STRATEGIC DIRECTION

1. Aspire Cairns Community drives towards the United Nations Sustainable Development Goals.
2. The Aspire Team believes it is time to make some statements on how Aspire Cairns Community will drive delivery of its services including Aspire to be Deadly and Hook in4 Health to support sustainability strategies within the LIVE WELL LEARN WELL LEAD WELL strategy framework.
3. The Aspire Team was challenged on definition of sustainability and how it would apply to our program. Finally agreed that the clearest statement was found in 1987 Brundtland Report and adopted this

“Sustainable development is broadly defined as :development which meets the needs of the present without compromising the ability of future generations to meet their own needs”
